Wedding Team

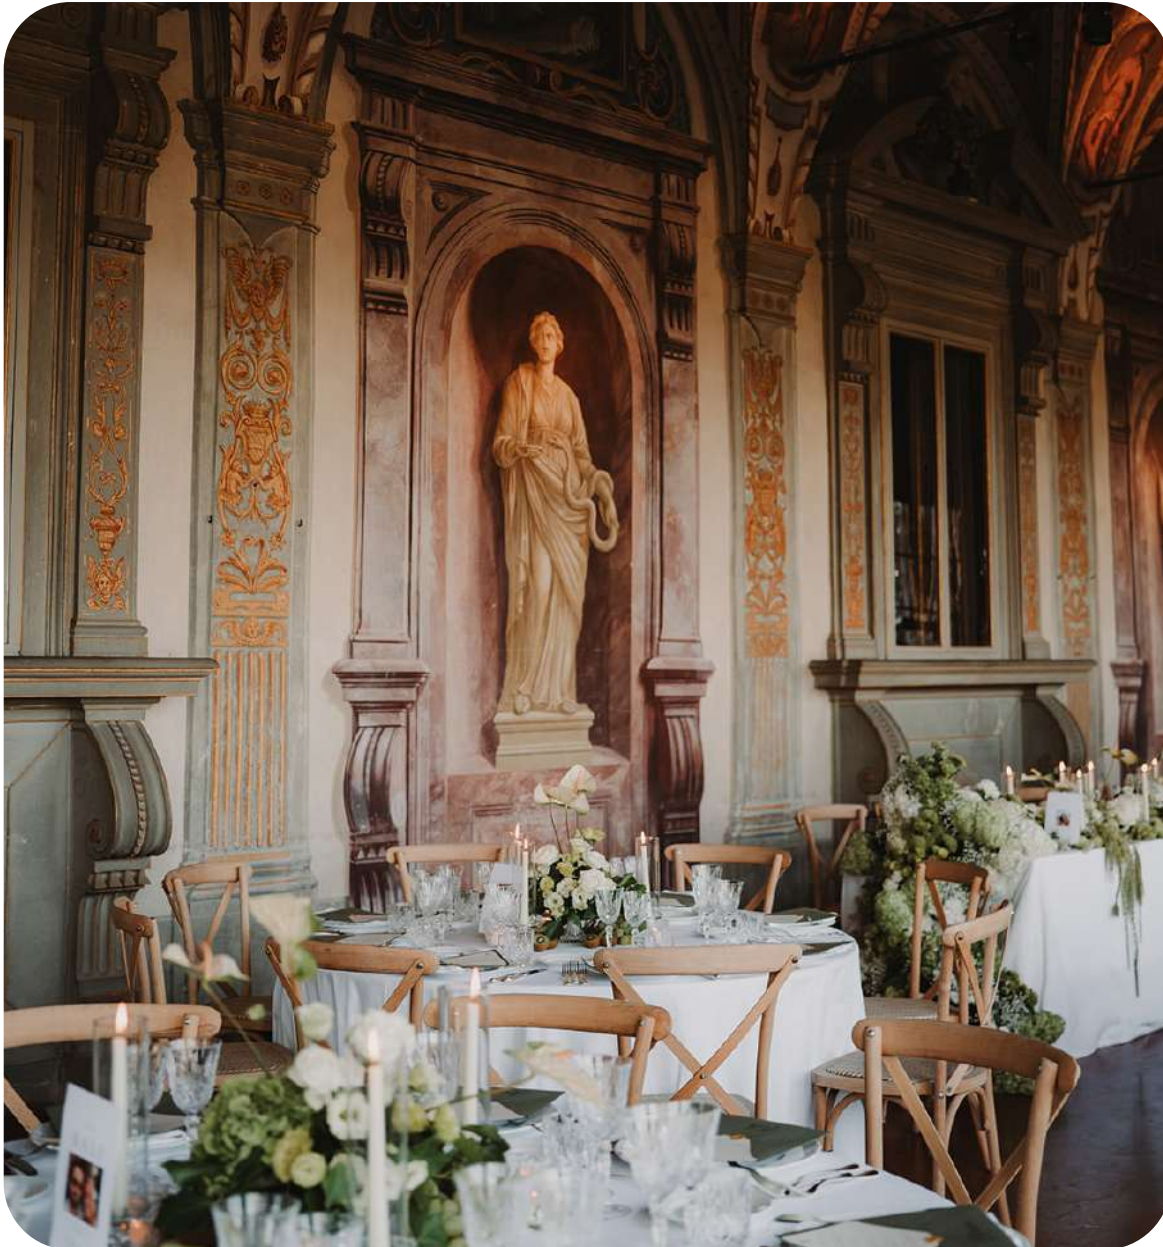

We are Sabina and Teresa, the faces behind **Wedding Venues in Tuscany**.

Our journey began with venue research, helping couples discover the perfect location for their celebration. Over time, this naturally evolved into full wedding planning and coordination, allowing us to provide complete assistance before and during the big day. With years of experience, we guide couples far beyond what any search engine or AI tool could offer, providing personal insight, trusted advice and tailored solutions.

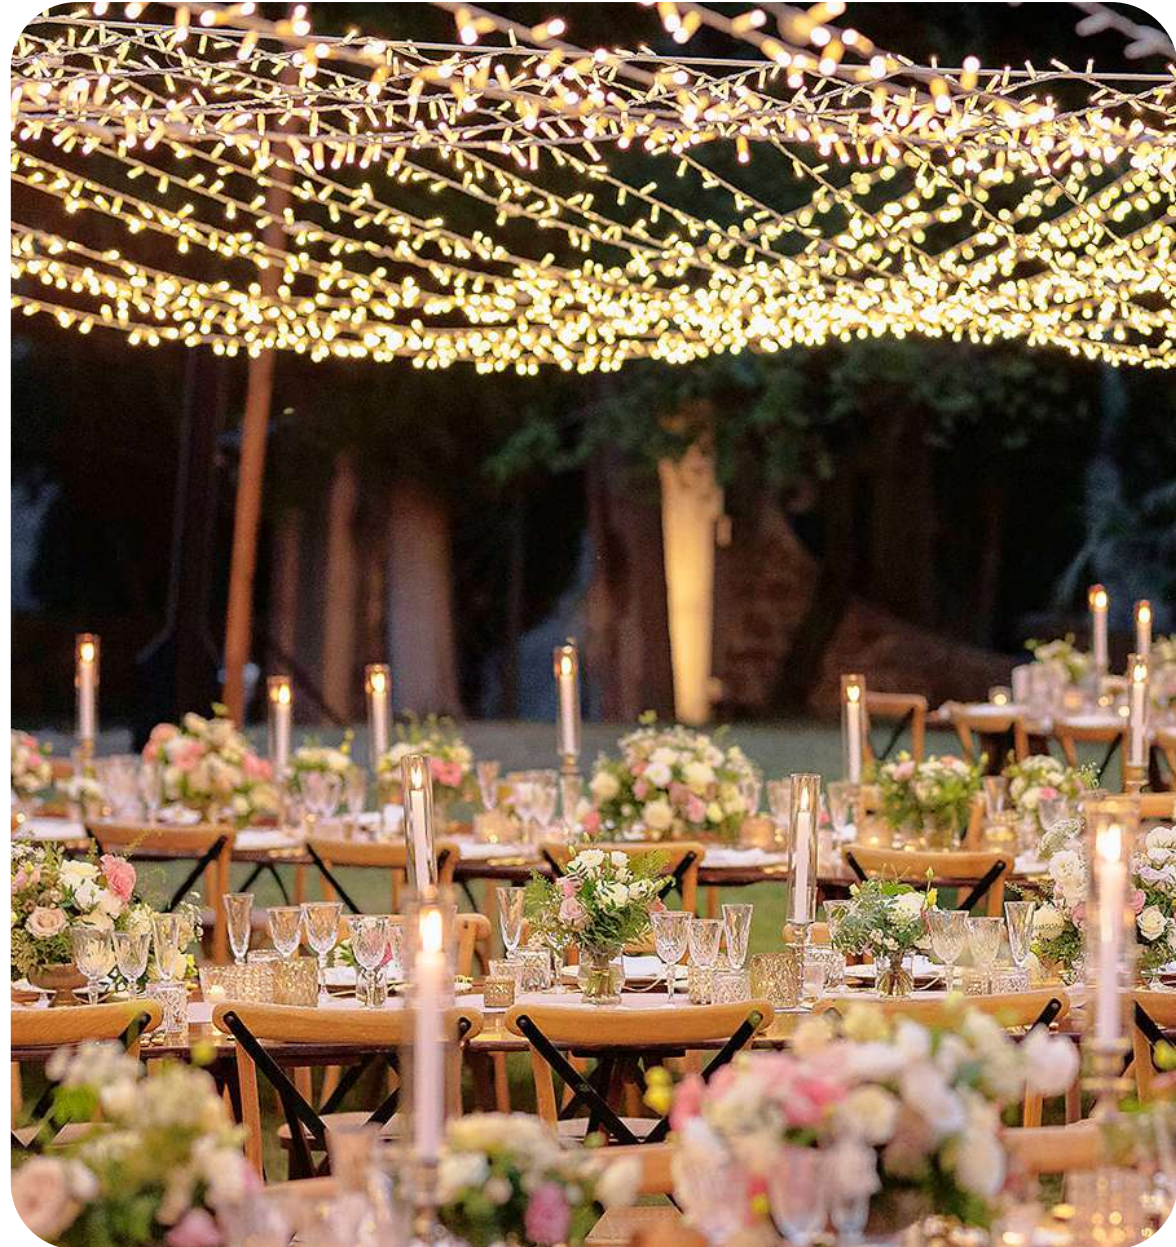

We truly love what we do: listening carefully to your wishes, offering thoughtful suggestions and bringing your vision to life. Our approach is friendly, responsive, transparent, reliable and detail-oriented, always aiming to exceed expectations and create unforgettable memories. Every couple is unique, and so is every wedding we design, making each celebration a joyful and personalized experience.
